THE SAPLING – A TRAINING RESTAURANT FOR SHATEC STUDENTS

Our students at SHATEC begin their learning journey with us as saplings, seedlings with immense potential to change and recreate the hospitality industry of the future. With the right learning conditions, our saplings grow and develop into sturdy trees, resilient to the storms and challenges in life.

Thus coined the name for SHATEC's training restaurant - The Sapling. Students specialising in culinary, pastry, F&B and hotel management studies will serve a term of practicum at The Sapling, a period of intensive practical training which prepares them for a promising career in the hospitality industry.
